Speaker's Expenses

As indicated in the sponsorship agreement, the supporting company, in addition to the support fee, must cover all speakers' expenses, including registration fees, accommodation and travel expenses. This also applies in the case where the Sponsored Symposium speakers have already been invited by the Meeting.

AV

We strongly recommend scheduling a technical rehearsal in the

hall itself and testing the Presentations during that rehearsal. Please make arrangements directly with the Meeting Audio Visual Coordinator.

A technical rehearsal is offered free of charge; however additional charges may apply, depending on hall availability, rehearsal requirements and overtime of the technicians. Please bring the PowerPoint presentation/s on USB Memory stick and load it on one of the Meeting computers in the Speakers' Ready Room during Speakers' Ready Room opening hours and no later than **2 hours before the start of the Symposium.**

As previously mentioned, we strongly recommend scheduling a technical rehearsal and testing the presentations during the rehearsal. Please make arrangements directly with the Meeting Audio Visual Coordinator. If you are using a PowerPoint presentation (or any other PC-based application), please note that you have to deliver it on a USB Memory stick to one of the technicians in the Speakers' Ready Room as soon as you arrive at the Venue in the morning – and at least 2 hours before the start of the session.

Please note that only meeting computers are used in the session halls. These are supplied with Office 2019 (at least) and the native ratio of the projection on the screens in the halls is 16:9. The meeting will not be able to support lecture slides presented on personal computers.

If you include video clips in your PowerPoint presentation, be sure to test it with the technician in the Speakers' Ready Room at least 2 hours before the start of the session or as soon as you arrive at the venue in the morning. Please make sure to check it with the technician in the session hall where your lecture is taking place, during a coffee or lunch break prior to your session, at least 30 minutes before the start of the session – even after checking it in the Speakers' Ready Room. To use MAC presentations on the PC compatible meeting computer, please note that you need to prepare it according to the instructions below, before taking it to the speaker room:

Convert it to PowerPoint or PDF. Use a common font, such as Arial, Times New Roman, Verdana etc. (Special characters might be changed to a default font on a PowerPoint-based PC). Insert the images as JPG files (and not TIF, PNG or PICT – these images will not be visible on a PowerPoint based PC).

As previously mentioned, we strongly recommend scheduling a technical rehearsal and testing the presentations during the rehearsal. Please plan directly with the Meeting Audio Visual Coordinator.
